

SB3897.RSS.VEST
 Relocatable Simulation Shelter (RSS) - Security Entry Vestibule

Relocatable Simulation Shelter (RSS) - Security Entry Vestibule

The RSS Security Vestibule meets military standards to preclude visual observation and enhance acoustic protection. The vestibule provides an easy-to-install solution for open storage capability by providing entrapment and interlocked doors with audio/video monitors and the ability to add an access card reader.

Standard Features

- Interlocked Doors (with RSS Primary Door)
- Provisions provided for External Mounted Access Card Reader and Intrusion Detection System
- "Training In Progress" Light
- Exterior/Interior LED Lighting
- Access controlled lock

052218-R00

Works in conjunction with Sea Box Part Nos. SB3897.RSS.4S, SB3897.RSS.6S, SB3897.RSS.8S, SB3897.RSS.12S
