Universal Weapons Cabinet

SB3451
Universal Weapons Cabinet

STANDARD PRODUCT FEATURES

- U.S. Manufactured
- All steel (CRS) construction
- (4) wheel casters
- Fork lift capable on (2) longer sides
- Designed for the storage of multiple types of Crew Serve Weapons
- Each rack cabinet can be reconfigured to hold the following: M2 .50 caliber machine gun, MK19 grenade launcher, M240, M240B and M23 by re-positioning of shelving/racks
- Includes retractable doors and locking bars
- Includes exterior diamond-shaped mesh which permits visible counts or weapon inventory
- Fully welded, heavy-gauge steel cabinets
- Full-width bases mount inside the floor of the cabinet
- The versatile powder-coated support rail mounts in cabinet on 1.5" (38mm) vertical increments using interlocking keyhole slots
- The cabinet is constructed of 18-gauge (1.2mm) steel perforated with diamond mesh pattern and welded to the upright posts. The upright posts has interior attachment keyhole slots on 1.5" (38mm) vertical centers.
- The top and bottom covers are made of 16-gauge (1.5mm) steel welded to upright posts
- Cabinet doors are 18-gauge (1.2mm), folding and fully retractable in the open position. Locking bars lock at a single common point
- Bases are constructed of 16-gauge (1.5mm) steel and black poly vinyl chloride (PVC) coated (except for the universal base). Stock cups for the universal base are constructed of an injection-molded thermoplastic designed to withstand extreme temperatures.
- Specialty stock cups are constructed of 14-gauge (1.9mm) steel and dipped in a black PVC.
- Support Rail are constructed of 14-gauge (1.9mm) steel and be punched to accept barrel supports. Support rails shall contain four (4) rivet heads that interlock with the cabinet interior attachment keyhole slots. Barrel Supports are constructed of 14-gauge (1.9mm) steel and dipped in black PVC. Extra wide and long barrel supports to be welded assemblies
- The straps of the transportability supports are constructed of a black EPDM rubber
- Bin systems are constructed of 18-gauge (1.2mm) steel
