

40ft Domino Type (12) single deck car carrier

Ref 40(12) March 01 SB

The Type (12) is a purpose built car carrier for limousines, compacts, MPVs and 4x4. Simplicity of operation and ease of loading and unloading the cars is achieved by low side rail heights and no walls making easy access for driver and for lashing. Seven units fold into 8ft6in. This is one of 20 patent designs exclusive to CSA licensees.

The corner posts are counterbalanced. Full walls and doors can be provided. Telescopic posts are available as an option to extend the height and carrying capacity. Cars can be weather protected by shrink wrapping after lashing in place.

Worldwide Spare Parts

As worldwide leaders in flatrack technology, the all important spare parts are available as they have been for more than 20 years.

Patents

Please do not encourage copying of the patented structures and components.

Typical Lashings and Interfacing

Lashing bars: 12 x 5000kg per side, 2 per end
 Gooseneck tunnel
 Floor steel plate
 Twistlocks: 1 piece forged lift element, 30° stainless steel detent
 Header locks: 2 per end semi-automatic
 Counterbalancing: coil spring
 Approvals: ABS, LRS, BV, UIC, CSC, TCT
 Options: sling lift points, post extensions

Typical Dimensions

External	mm	ft	in
Length	12192	40'	0"
Width	2438	8'	0"
Height posts down	1750	5'	8.7"
Height posts raised	2591	8'	6"
Folded	370	1'	2.6
		7 into 8ft6in	

Internal	mm	ft	in
Length under gate	12192	40'	0"
Height at post	1572	5'	1.9"
Height with posts raised	2400	7'	10.4"

Typical ratings	kg	lb
Tare weight	3250	7165
Payload	6000	13225
Gross	9250	20390
Stacking		7 high at 30480

The Flatrack Features

- Versatile simple car carrier for all domestic vehicles
- Spare parts available worldwide
